# OwnTone® DRESSINGS

## Transparent adhesive dressings WITH PAD

Made of soft elastic thin film. Comfortable, stretchable, breathable allows perspiration from skin to dry out to atmosphere. It just merges with the skin to show your skin color.

It can be used anywhere on the body.  
After surgeries as incision cover.  
After trauma as wound cover.

You can take bath and swim with this dressing on your wounds. It resists passage of fluid and water. The Pad is a non stick pad and will not adhere on wounds which makes it very comfortable to remove.
